Eight water plants in the State were sold last year in Federal's initial action in carrying out the death sentence ordered by the Alabama Water Service. In each instance, the buyer was the municipality in which the plant operated.

The electrical properties in question, being bought by seven REA cooperatives and 3 municipalities, consist of holdings in Covington, Barbour, Pike, Geneva, Coffee, Dale, Crenshaw, Conecuh and Monroe Counties.

The transaction involves the exchange of \$2,500,000 and has been approved by Agriculture Secretary Claude Wickard. The share of the three municipalities—Andalusia, Elba and Opp—is listed at \$425,000 with the cooperatives putting up the remainder \$2,075,000.

Alabama Water Service has between 5,800 and 5,400 customers in the nine counties, and employs about 40 persons in its electric division. Some of the power is produced in hydroelectric steam plants, and the remainder is purchased from Alabama Power Company.

The 24 unsold water plants are located in medium-sized Alabama cities. Bessemer is the largest of them, and the list includes Russellville and Wetumpka.

All persons interested in the cemetery at Bluff Springs are urged to be present at the working on Thursday, June 29th. We will have an all-day Sacred Harp singing at the cemetery on Thursday, July 6th. You are also invited to the singing.

Approval Given To Municipalities To Buy Water, Power Plants

Birmingham, June 12.—In disposing of its electrical properties in Southeast Alabama to organizations financed by Rural Electrification Administration (REA), the Alabama Water Service Co. will be completing the second installment of its liquidation. The third and final chapter will be written with the disposition of its remaining properties—24 water plants in the state.

Alabama Water Service Co., an official in the Birmingham office told the Associated Press yesterday, is a subsidiary of Federal Water & Gas Corp., and the pending sale has been arranged because the latter is under orders from the Securities and Exchange Commission to rid itself of its Alabama affiliate.

Eight water plants in the State were sold last year in Federal's initial action in carrying out the death sentence ordered by the Alabama Water Service. In each instance, the buyer was the municipality in which the plant operated.

The electrical properties in question, being bought by seven REA cooperatives and 3 municipalities, consist of holdings in Covington, Barbour, Pike, Geneva, Coffee, Dale, Crenshaw, Conecuh and Monroe Counties.

Robert Stephens is now in New Mexico

Roswell Army Air Field, Roswell, N. M.—Flight Officer Robert G. Stephens is now a student in the four-engine pilot school at this Army Air Forces Training Command station. He received his pilot wings at Pecos, Texas. The lieutenant is the son of Mr. and Mrs. W. G. Stephens, Rt. 4, Elba, Ala.

Richard Flowers, Jr., son of Richard Flowers, of Elba, was at home on leave from the Navy for several days recently. A barbecue which had been planned for his visit was given on Sunday, June 11. Only a few were invited for the occasion, after the death of his Uncle, Calvin Flowers.

Project May Close For Lack Of Workers

We have been informed that the work of Elba area has been practically abandoned the surgical dressing project. In view of the fact that such good work has been done in previous months, it is hard to understand why women of the city have just quit going to the Red Cross room for this most important work.

But this is the case and material is piling up, and quotas remain unfulfilled. Mrs. Luther Vaughan, who has been doing such a splendid job as chairman, states that she can not and will not continue the work unless the women of Elba come out to help her.

Other towns are carrying on in double time since the need for dressings has been greatly stepped up. What the women here intend to do remains for each one to answer. The rooms are open every day at three o'clock. Your absence will mean that you are willing for the project to be closed down. And what do you think our boys would think of that?

CEMETERY WORKING AND SINGING

Upon final completion of student scholastic record for the second semester of the 48th session just ended, the Registrar's office at Montgomery announces the name of Miss Marjorie Brunson as the only Coffey County student on the honor rolls of Alabama Colleges.

Miss Brunson made first honor roll. Only four girls have made an A record. There were 30 students on the first honor roll (at least half A's and half B's), and 110 on the second honor roll (B average or better).

Postmaster W. L. English was in Montgomery Tuesday in attendance at the annual convention of the postmasters' association.

Mr. Val Miller was here last week end from Columbus, New Mexico, the guest of Mrs. Ada King.

IN MEMORY OF MRS. RUFUS NORRIS

On Monday night, May 29, 1944, the death angel visited the home of Rufus Norris and claimed the soul of his darling wife. She had been ill a good while. In God's own glory it pleased Him to take her soul from this sinful world of suffering and sorrow, to put on a starry crown. We know she is now dwelling with loved ones in the heavenly home prepared for the ones who give their lives to God and manifest His works. All was done that loving hands could do to restore her to health, but God knew best and called her home. May we all be prepared, so when the Lord says its enough we can go to a higher home.—Written by a friend.

LIBERTY NEWS

June 19, 1944
We wonder how every one is feeling this pretty morning. We are feeling pretty good. Got a good rain yesterday eve which was needed. Crops were doing very well but gardens were needing rain. I did not think we could ever really feel proud of this crop but we have a fine stand and everything is looking pretty good. Lawrence Foley has been sick but is up and going. Mrs. Dot Bryant has been in bed a few days but is up again. Mr. J. M. Stokes has had brail's fever but is up and going.
I was in Elba Saturday eve and met a good many friends. Sure we glad to see them. John Frank Foley and wife, Mrs. Cecil Beck and little sons, Joel, Miland and Kenneth spent the week end with us.
Mr. and Mrs. Funderburk, of Phenix City, spent the week end with Mr. and Mrs. H. C. Messick. Every one can come to Liberty on Thursday, June 29, to clean of the cemetery. Come and bring a lunch for there is lots to do.
We learn that Mr. Leamon Kircrose lost two milk cows last week. They got out of pen and ate some soda, which always kills if they get much. We regret his loss. Best wishes to all. Don't forget the sick and old.
H. L. BOLAND.

BIRTHDAY BARBECUE

Emergency Aid Life Association, of Elba, gave a barbecue dinner at Elba pool on June 7, honoring Mr. D. C. Marley on his birthday, and invited all agents of the Dothan district and their wives. W. M. Brunson, president of the company was guest speaker. Mr. Brunson and Mr. Marley have been close friends for more than a quarter of a century, and in his remarks he held Mr. Marley in high esteem, and gave each agent and guest an opportunity to say a few words each responding with very complimentary remarks.

Mr. Marley has always said that if any one had any flowers to give to him, that he had rather receive them while he was living, so he was made very happy. Mr. Brunson called on Brother J. F. Powell, of Samson, to offer thanks. After the barbecue plate and all that goes with it were served, and the birthday cake was being cut, guests sang "happy birthday" to Mr. Marley and Mr. Lamar Rainer, who also had a birthday on that date.

The following agents and their wives were present: G. C. Stokes, Dothan; Mr. and Mrs. S. K. Sellers, Ashford; Mr. and Mrs. J. E. Marley, Hartford; Mr. and Mrs. W. J. Brunson, Elba; Mr. and Mrs. M. D. Herring, Abbeville; Mrs. T. L. Holmes, Headland; Rev. W. P. Powell, Samson. Guests included: Mrs. W. W. Sanders, Miss Lillie Harper, Miss Vivian Harper, Mrs. Mary Alice Mayes, Mrs. Pastore Bryan, Miss Helen Taylor, of the office force; State Supervisor, J. Ross Clark, and Mrs. Clark, Dr. and Mrs. E. T. Brunson, of Samson; G. C. Brown, Opp; Mr. and Mrs. B. F. Williams and children, Mr. Funderburk and Mr. Reynolds, Laverne; Mr. and Mrs. D. E. Marley and children, Brundidge; E. D. Green, Troy; W. F. Forner, Elba; Mr. and Mrs. L. S. Rainer, Elba.

After dinner Mr. and Mrs. J. Ross Clark invited guests to their home where lemon drinks were served. Mr. and Mrs. Marley were very happy during the day as they had both their children and their families with them.—Contributed.

Miss Gladys Clark and Mrs. Herbert Meighan were visitors to Gadsden several days last week. Enroute Miss Clark attended the convention of Circuit Clerks and Registers in session at Birmingham.

SMALL CROWD HERE FOR BOND RALLY; SALES ARE LAGGING

The attendance at the bond rally and auction Monday afternoon was small, but sales were considered good, approximately \$75,000 being the day's total sales. The Camp Rucker Orchestra furnished delightful music for the occasion and other personnel from the post did a fine job assisting in sales.

A good crowd is said to have enjoyed the dance at the Armory in the evening. Coffee County sales are said to be dragging, and quotas are far from being met. There are just 10 days left of the campaign, and every man and woman in the county who has not already done so, should go to a bank or postoffice and buy bonds to the full amount of your ability. Don't wait—our boys are looking to us for all the help we can give. Buy NOW—More Than Before.

3,283 On Casualty List With 12,600 Wounded

More Bonds Sold Over Here Will Reduce Casualties Over There; A Few Counties Not Doing Their Duty

Official casualty figures released by the War and Navy Departments show that 3,283 Americans have been killed in the invasion of France and another 12,600 wounded. This has been the cost in men of the wreckage of men and equipment on the beach. And other bodies, uncollected, still sprawling grotesquely in the sand or half-buried by the high grass on the beach. That was a part of the cost of invasion. The lives lost in that desperate and successful effort can never be replaced, but the equipment must be replaced so that other lives can be saved. War bond dollars replace that equipment. Ed Leigh McMillan, chairman of the Alabama War Finance Committee, pointed out.

Some of our counties have done and are doing a splendid job of person-to-person bond selling in the Fifth War Loan campaign," Mr. McMillan said. "The workers in these counties are matching the efforts of our fighting men."

"Other counties should be ashamed. They are failing to do the job that our government has asked us to do. They have been lulled into a false sense of complacency by early reports of invasion-inspired bond buying. They are neglecting to have thorough personal canvases of every person in their counties, and without such a canvass no county can expect to get the results it should obtain."

"Everybody should be personally urged to test in the Fifth War Loan campaign. In most counties we find that good canvasses are being staged by the farmers and the business and professional men who are the leaders but that the results they should obtain."

"Now is the time for all of us to invest all our dollars in war bonds. War can't wait."

And other bodies, uncollected, still sprawling grotesquely in the sand or half-buried by the high grass on the beach. That was a part of the cost of invasion. The lives lost in that desperate and successful effort can never be replaced, but the equipment must be replaced so that other lives can be saved. War bond dollars replace that equipment.
